Bridges Prep to remain CLOSED this week due to Hurricane Florence impacts

Due to the uncertainty of Hurricane Florence and some of our staff having evacuated the area, Bridges Prep will remain **CLOSED** the rest of this week.

The Beaufort County School District also is remaining closed this week and typically we follow their lead because some of our families have students in both systems.

We anticipate opening to a regular schedule **Monday, Sept. 17**, but please check your email and Facebook for updates. We urge you to continue monitoring this hurricane and to stay safe!
