

Concussion Policy

If your student is diagnosed with a concussion:

- 1) Notify the school nurse and if your student plays sports at BPS, notify the athletic director, coach, and/or the athletic trainer.
- 2) Your student will not be able to participate in PE, recess, or sports until they have a doctor's note on file clearing them to return to these activities. Keep in mind, athletics may have additional requirements for your student to return to sports.
- 3) If your student will need short-term academic accommodations, have your doctor provide a list of these accommodations and submit them to the school nurse so these accommodations can be sent to your student's teachers.
- 4) If your student will need academic accommodations for an extended period of time, a temporary 504 plan may be needed. Please contact Taylor Hunt, Director of Special Education and 504 Coordinator, for more information.
