

Vomiting Policy

1. Exclude student from school for: vomiting 2 or more times during the previous 24 hours (without a known condition for which there is a care plan) or vomiting and fever that is 100.4 degrees or higher.
2. Exclude and refer for medical attention: anyone with vomit that appears green and bloody, vomiting after recent head injury, vomiting and no urine output for 8 hours, or if student appears very ill during vomiting episodes.
3. No exclusion is required for a brief, non-repeating episode of vomiting with no other signs of illness.
4. Student may return to school when they have not vomited for 24 hours.
